

Wills and Powers of Attorney

Planning for the future is one of the most important steps you can take to protect your loved ones and ensure your wishes are carried out. As a **Pennsylvania estate planning attorney**, I help individuals and families create clear, legally sound **Wills, Financial Powers of Attorney, and Health Care Powers of Attorney/Living Wills**. These essential documents provide peace of mind and help avoid unnecessary complications during difficult times.

A **Will** gives you the power to decide how your property will be distributed, name guardians for your children, and minimize confusion or disputes among family members. It also allows you to select a trusted executor to manage your estate efficiently and in accordance with Pennsylvania law. Without a valid Will, the Commonwealth's intestacy laws determine how your estate is handled—often in ways that may not align with your personal wishes.

A **Financial Power of Attorney** allows you to appoint someone you trust to manage your financial affairs if you are unable to do so yourself. This can include paying bills, managing investments, and handling property transactions. Having a clear and properly drafted Power of Attorney in place helps your loved ones avoid costly delays or the need for court-appointed guardianship.

A **Health Care Power of Attorney** and **Living Will** protect your right to make personal medical decisions. These documents outline your preferences for medical treatment, end-of-life care, and appoint a trusted representative to make health care choices on your behalf if you cannot communicate your wishes. This guidance can be invaluable for your family during emotional and uncertain times.

Our office takes the time to understand your unique situation and goals. We explain your options in plain language and draft documents that reflect your wishes and comply with Pennsylvania law. Whether you are creating your first estate plan or updating existing documents, you will receive personalized attention and practical guidance every step of the way.
